

ULTIMATE REVITALIZING CREAM™

FAQs

What does the ULTIMATE REVITALIZING CREAM™ do for my skin?

This rich cream will help illuminate and firm your skin. Our Synchronized Peptide Complex™ has been stabilized through a patented process to deliver unparalleled results. The Ultimate Revitalizing Cream™ will help reduce the appearance of fine lines and wrinkles. This luxurious cream helps the skin retain moisture and improve skin texture for firm and radiant-looking skin.

What time of day should the cream be applied?

For best results, use the ULTIMATE REVITALIZING CREAM™ twice a day, morning and evening on cleansed skin. For best results use the AGE-DEFYING INTENSIVE REPAIR SERUM™ prior to the cream.

How and why do I need to use the applicator?

The applicator can be used to scoop out the cream of the jar. Using the applicator will help keep bacteria out of your cream and keep it fresher longer.

Can I use the cream under my makeup?

Yes, you can apply your makeup after applying the cream.

When should I expect results?

Based on customer testimonials, you can see first results around day 14, if you use both the serum and cream twice daily.

What are the main ingredients in the product?

Synchronized Peptide Complex™ – is a combination of bioidentical, stabilized growth factors and research-backed peptides. These peptides aid in the reduction of fine lines and wrinkles. In addition, it contains a powerful antioxidant called Superoxide Dismutase, which has been shown to protect the skin from damage.

Niacinamide - Is a vitamin that works with the natural substances in your skin to help visibly minimize enlarged pores, tighten pores, improve uneven skin tone, soften fine lines and wrinkles, diminish dullness, and strengthen a weakened surface.

Adenosine - Decreases the appearance of wrinkles by energizing your skin's surface. It helps improve skin smoothness, appearance of crow's feet, and reduce the depth of brow wrinkles. The result is a smoother, more youthful complexion.

Macadamia Ternifolia Seed Oil – Provides your skin with nourishing fatty acids without clogging pores.

Glycerin – Locks in moisture without clogging pores.

Dimethicone – Provides a silky, luxurious feel with long lasting smoothing effects. Great for dry areas of your skin.

Is this cream good for all skin types?

Yes, the cream can be used on all skin types, however it works best on normal to dry skin when used twice daily. For oily to sensitive skin types, we recommend using the cream once daily.

What is the “patented process”?

The patented process is a way of hyper-stabilizing the growth factors against time, moisture and temperature.

Is this product tested on animals?

No, none of the HCo.™ products are tested on animals.
