

# Sunrise Coffee

## A Smooth, Nourishing Brew with Super Nutrients

Coffee packed with benefits.

Sunrise Coffee is a gentle, nutrient-rich beverage for people who want the flavor, ritual, and benefits of coffee without the stimulating high of caffeine. Featuring patented Karbolyn & Protalyn, plus super nutrients for anti-aging, focus, electrolytes, and appetite suppressant, this coffee is more than just a drink—it's wellness in every cup.

With only 30 calories and 3g of carbs per serving, Sunrise Coffee fits effortlessly into any lifestyle. Adjust the water to enjoy it as an espresso, dark roast, or light roast. Whether you want a smooth, satisfying coffee in the morning or a relaxing cup in the evening, you can enjoy it anytime.

Compared to Max Coffee (175 mg caffeine) and Daybreak Coffee (140 mg caffeine), Sunrise Coffee contains minimal amounts of caffeine, making it the perfect choice for those looking to cut back while still savoring the taste and ritual of coffee. Enjoy it on its own or mix with KetoCre for an even creamier, protein-packed experience.

Sunrise Coffee is more than just coffee—it's a daily wellness boost in every sip.

enhanced mood

weight management

energy

mental focus

immune support

### Directions for use:

Mix 1 scoop with 6-8 oz cold or hot water or coffee.
